Re: Banning human antibiotics in animal feeds.
Date: May 31, 1999

2770, '99 JUN 14 P1:29
PLEASE recognize the serious resistance
to antibiotics that is occurring due to use
of human antibiotics in agricultural feeds. It
is time to ban use of these antibiotics, as
has been done in a number of European
countries with apparently no ill effects. Thank
you for looking into this serious problem. It
is very hard to keep ahead of the rapidly evolving
bacteria!
